FOR IMMEDIATE RELEASE

CALTRANS TO HOST VIRTUAL PUBLIC WORKSHOP REGARDING THE MOKELUMNE RIVER BRIDGE PROJECT

STOCKTON – The California Department of Transportation (Caltrans) is hosting a virtual public workshop about an upcoming project that will enhance the Mokelumne River Bridge on State Route 49 (SR-49) between Jackson and Mokelumne Hill.

The bridge, built in 1952 on the “Golden Chain Highway,” borders Calaveras and Amador counties in the scenic Sierra foothills.

Workers will replace existing bridge rails with new rails that meet current standards and will widen the shoulders on both sides of the traveled way to enhance the mobility and safety of pedestrians and bicyclists.

Caltrans staff will present status updates and provide more information from 5 p.m. to 6:30 p.m. on Wednesday, February 24. To join the workshop, visit <https://bit.ly/3pzXG2N> or call (408) 418-9388 (access code: 146 532 9118).

Project information and workshop presentation materials are available at <https://bit.ly/3pzXG2N>.

For the safety of workers and other motorists, please **Be Work Zone Alert**.
